OPINION OF THE INDEPENDENT AUDITOR

To the General Meeting of Grupa Azoty S.A.

Opinion on the Separate Financial Statements

We have audited the accompanying separate financial statements of Grupa Azoty S.A., with its registered office in Tarnów, ul. Kwiatkowskiego 8 ("the Company"), which comprise the separate statement of financial position as at 31 December 2016, the separate statement of profit or loss and other comprehensive income, the separate statement of changes in equity and the separate statement of cash flows for the year then ended and notes comprising a summary of significant accounting policies and other explanatory information.

Management's and Supervisory Board's Responsibility

Management of the Company is responsible for the preparation, on the basis of properly maintained accounting records, of financial statements that give a true and fair view in accordance with International Financial Reporting Standards, as adopted by the European Union and with other applicable regulations. Management of the Company is also responsible for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

According to the Accounting Act dated 29 September 1994 (Official Journal from 2016, item 1047 with amendments) ("the Accounting Act"), Management of the Company and members of the Supervisory Board are required to ensure that the financial statements are in compliance with the requirements set forth in the Accounting Act.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with section 7 of the Accounting Act and International Standards on Auditing as adopted by the resolution dated 10 February 2015 of the National Council of Certified Auditors as National Standards on Assurance. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management of the Company, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the accompanying separate financial statements of Grupa Azoty S.A.:

- give a true and fair view of the unconsolidated financial position of the Company as at 31 December 2016 and of its unconsolidated financial performance and its unconsolidated cash flows for the year then ended, in accordance with International Financial Reporting Standards as adopted by the European Union;
- comply, in all material respects, with the applicable regulations and the provisions of the Company's articles of association that apply to the Company's financial statements; and
- have been prepared from accounting records, that, in all material respects, have been properly maintained.

Specific Comments on Other Legal and Regulatory Requirements

Report on the Company's Activities

Management of the Company is responsible for the report on the Company's activities.

Group's activities includes the information required by Art. 49 of the Accounting Act and the Decree and the information is consistent, in all material respects, with the separate financial statements. Furthermore, based on our knowledge about the Company and its environment obtained in the audit, we have not identified material misstatements in the report on the Company and Group's activities.

As required by the Accounting Act and the Decree, we report that the statement of corporate governance, which is a separate part of the report on the Company's and Grupa Azoty S.A. Group's activities, includes the information required by paragraph 91 subparagraph 5 point 4 letter a, b, g, j and k of the Decree. Furthermore, we report that the information identified in paragraph 91 subparagraph 5 point 4 letter c, d, e, f, h and i of the Decree included in the statement of corporate governance, in all material respects:

- has been prepared in accordance with the applicable regulations; and
